DeWayne Little, Principal

Dear Roosevelt STAY Opportunity Academy Families:

We realize that this is an uncertain time as our city grapples with coronavirus (COVID-19). Despite the challenges and concerns this situation presents, we want to assure you that DC Public Schools (DCPS) developed a solid plan to ensure that your child’s education continues during a period of school closure.

**Printed Information Packet**

For those without internet access, we have prepared hardcopy packets of materials that contain instructional materials for March 24 to March 31. Packets can be retrieved from the school on Thursday, March 19th thru Friday, March 20th and Monday, March 23rd – Tuesday, March 24th from 8:30am until 2:30pm.

**Online Instructional Materials**

Please contact Anika Crumlin at anikacrumlin@k12.dc.gov, school’s technology representative, or Assistant Principal Marqus Holden at marqus.holden@k12.dc.gov if you cannot recall your Summit log-in information. Please contact AP Chelsea Bradford at chelsea.bradford@k12.dc.gov if you cannot recall your Canvas log-in information.

In addition to the lessons provided by our school, we encourage families to read, play board games, write in journals, and join in on any other activities you think are appropriate for your student. We will provide additional tips and ideas to engage your student on our DCPS social media accounts, as well as the family resources section of our distance learning site.

We want to reaffirm our commitment to providing accessible, high-quality educational materials. You can rest assured that DC Public Schools are working hard to ensure our students and families have the resources they need to be informed, supported, and engaged.

For more information please contact your teacher or an administrator based on the provided staff contact list.

Kind regards,

[Signature]

DeWayne Little, Principal

| **Summit**       | In the Summit Learning experience, students are aware of what they are learning, why they are learning it and how they learn best. They become self-directed learners and develop the behaviors and mindsets for success. Through Summit Learning, students are given the following: Cognitive Skills, Content Knowledge, Habits of Success, Sense of Purpose. | Go to: [https://www.summitlearning.org/](https://www.summitlearning.org/)  
Username: `firstname.lastname@mydcps.org`  
Password: As assigned |
| **Microsoft Office 365** | Microsoft Office 365 includes online versions of Word, Excel, PowerPoint and other applications for preparing future ready learners. Students can access applications anywhere on any device. | Go to: [portal.office.com](https://portal.office.com)  
Username/password: your student credentials |
| **Canvas**       | Canvas is the Learning Management System in which students can access and participate in online courses created by their teachers. | Go to: [dcps.instructure.com](https://dcps.instructure.com)  
Username/password: your student credentials  
Select: your course |

* If your child is in or participates in the Home Hospital Instructional Program you will receive an individualized learning packet as well.
